**CERTIFICATE OF MAILING 37 C.F.R. § 1.8(a)**

I hereby certify that this correspondence is being deposited with the United States Postal Service as first class mail, postage paid in an envelope addressed to : Commissioner for Patents, P.O. Box. 1450, Alexandria, VA 22313-1450 on the date indicated below.

Dated: 4/29/05

  
Frank V. DeRosa

While the inventions of Groups I and II may be distinct for the reasons set forth by the Examiner, it is respectfully submitted that simultaneous examination of Groups I and II will not present a serious burden. Indeed, by Examiner's acknowledgment, the inventions of Groups I and II are **both commonly classified** **in class 705, subclass 9**. Moreover, all claims are directed to commonly related subject matter, as indicated by the common classification. Under these circumstances, Examiner cannot reasonably contend that simultaneous examination of all claims (Groups I and II) would be a burden, much less a serious burden. Indeed, given that the Examiner's search is limited to a single class and subclass, and that the claims include commonly recited subject matter, it is respectfully submitted that the current restriction is unfair, and legally unnecessary, and should thus be withdrawn.

Respectfully submitted,
